THE WONDER OF CREATION: THE MIRACLE OF LIFE

Nellie Mc Laughlin BA, M-Divinity, is a native of Donegal and a member of the Sisters of Mercy, N. Province. With a background in education, earth literacy and leadership she works in the areas of creation spirituality, cosmology, ecology and sustainable living.

Her first book 'Out of Wonder, the Evolving Story of the Universe' was published by Veritas in 2004, followed by 'Life's Delicate Balance' (response to *Laudato Si'*) in 2015.

Nellie is a founding member and a director of 'Green Sod Land Trust, Ireland (2007).

In this the second of our current series of Lenten talks, Nellie will highlight the importance of the fact that we live in an evolving and expanding universe where everything is in process of Becoming...

God's creative energy is all embracing, evoking awe and wonder and challenging us to promote flourishing communities of life for all of life. How might we hear and respond to the cry of the earth, the cry of the poor as one and the same cry in our moment in history?

'All it takes is one good person to restore hope' (Laudato Si' 71)

Date: **Tuesday, 27th February at 8.00pm** Venue: The Crypt **All welcome**
